**Save the Children**

# Did you know you could help save a child's life just by sitting down with friends for tea and biscuits?

It's true. Hold a tea party and you can be part of our biggest ever campaign to save children's lives.

Nearly 9 million children still die every year before their fifth birthday. And, incredibly, most die from illnesses like diarrhoea or pneumonia – things we know how to prevent or treat.

With your help, we're going to change that.

Simple things like vaccinations, mosquito nets and clean water can save lives. So every penny you raise will make a difference.

It's as easy as having a cup of tea with your friends, family and colleagues!

## Join in during Save the Children Week, 25 April to 1 May 2010.
